G. G. THORP

United States Consular Service:

At the request of Miss Olga Putz, we are pleased to advise that we have known Olga and her sister Margaret for the past six years or more, during which time they have carried a very satisfactory account with us. They are in business in Gary and seem to enjoy a good clientele. We believe them to be responsible and thoroughly reliable.

This information is given with the idea that it may be helpful to your department in issuing passports to certain of their relatives for entry into the United States at this time.

Yours very truly,

P. H. West  
Vice-President
